Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Technical support for production and packaging lines, including technical commissioning, fault rectification, troubleshooting, and the adjustment and modification of programmable logic controllers (PLCs) on electrical and electronic machinery and technical equipment
- Maintenance, testing and servicing of electrical systems, machinery and plant equipment with the aim of improving the performance of the machinery
- Installation, wiring and commissioning of electrical components and systems
- Reading and applying circuit diagrams and schematics for troubleshooting and repairs
- Independent and autonomous projects, modifications and improvements to packaging machines and production lines
- Carrying out and documenting electrical tests, as well as maintenance and repair work
- Ensuring that all legally required electrical tests and measurements are carried out
- Compliance with applicable safety, quality and health and safety regulations
- Collaborating with the Production, Maintenance and other specialist departments

What you bring with you

- Completed vocational training as an electrician/electronics technician, ideally as an 'Electrician for Industrial Engineering'
- Very good knowledge of production plant and processes in an industrial setting; professional experience in the maintenance of plant electronics
- Good communication skills, the ability to work independently, assertiveness and the ability to work as part of a team
- Sound knowledge of health and safety at work
- Confident management of projects aimed at optimising production plant
- Knowledge of English would be an advantage

What we offer

Catering
Catering is very important to us, and the freshly prepared food served in our staff canteen is evidence of this for our employees.

Mobility
Thanks to our travel allowance and ample parking spaces for cars and bicycles, our employees can travel easily.

Professional development opportunities
We offer regular training and professional development opportunities.

Health
All employees have the opportunity to take advantage of sports, leisure and wellness programmes throughout Germany with HANSEFIT.
