Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Ensuring the technical availability of the production facilities
- Maintaining, repairing and improving the machinery
- Co-responsible for the documentation of machines and systems in the specialist area
- Reducing downtimes and stoppages
- Registering spare parts requirements
- Contact with external specialist departments and service providers

What you bring with you

- Completed basic technical training as a mechanic, automation technician, electrician, plant operator or similar
- Solution-oriented action and a networked way of thinking
- Team-oriented and proactive personality
- Flexible with regard to irregular work assignments (shift work and on-call duty)
- Knowledge of MS Office programs an advantage
- Good written and spoken German

What we offer

Work-life balance

With us you benefit from at least 25 vacation days. We use an electronic time capture system so that you can reward your overtime with additional days off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
