## Apply online

You can find all the details online as well as the opportunity to apply directly.

## Your tasks

- With this profession, you work in mechanical-technical areas. Thanks to the wide-ranging training, specialists in this occupational group are highly versatile.
- Drilling, turning, milling and grinding, shearing, edging, bending and punching, screwing, soldering, riveting and welding. You will learn these processing and joining techniques and much more during your varied apprenticeship. With this and with the help of production documents and technical drawings, you will create the basis for manufacturing and repairing precise apparatus and machine parts made of metal and plastic. You will also be able to join these individual parts together or manufacture entire steel constructions. Another area of responsibility that awaits you is computer-controlled tool sharpening. You will then use measuring instruments to check the quality of the parts. Finally, you will also receive intensive training in the areas of occupational health and safety.
- After successfully completing your apprenticeship, you will have good opportunities on the domestic and international job market.

## What you bring with you

- Completed primary school
- Enjoy working by hand and with machines
- Technical and practical understanding as well as spatial awareness

## What we offer

### Work-life balance

We offer 35 vacation days so that you have enough time to recover and are then fit for work and school again.

### Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

### Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

### Professional development opportunities

We cover the costs of your vocational school materials and contribute CHF 700 towards a notebook of your choice. We also support the vocational baccalaureate for apprenticeships with a federal certificate and offer you exciting opportunities for further employment in an international environment once you have completed your apprenticeship.
