

## Operational costing employee (100%)

Become part of a small team and make your daily contribution to process-oriented and relevant business costing. The Poultry business unit continues to grow in popularity and the demand for our products is constantly increasing. In order to sell our fine poultry products successfully, precise and timely costing and knowledge of the actual costs are of the utmost importance. This is the only way we can understand the actual costs of the products and optimize our sales. As a costing employee, you will be responsible for preparing and monitoring all key production figures. You will ensure high data quality throughout the entire costing process and take on tasks in the context of operational controlling. As a technical contact person, you will support the other departments and act as a key user in the costing department.
