Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Food technology specialists process raw materials industrially into food products.
- During your apprenticeship, you will learn processes such as mixing, crushing, shaping, heat treatment and cooling. You will process raw materials according to specified recipes and support the specialists during processing. You will monitor the processing and packaging systems. Strict safety and hygiene regulations apply to all work steps. You will therefore check the quality of the products and inspect the food in terms of quality, appearance, smell, taste and packaging.

We can only consider applicants who are authorised to work in Switzerland (EU/EFTA). We only consider direct applications.

What you bring with you

- Completed elementary school
- Enjoy working with food, production facilities and physical work
- Good sense of smell and taste as well as careful working methods
- Willingness to start work early

What we offer

Work-life balance

We offer 35 vacation days so that you have enough time to recover and are then fit for work and school again.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

We cover the costs of your vocational school materials and contribute CHF 700 towards a notebook of your choice. We also support the vocational baccalaureate for apprenticeships with a federal certificate and offer you exciting opportunities for further employment in an international environment once you have completed your apprenticeship.
