Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Ensuring the technical availability of the production facilities
- Maintenance, repair and improvement of machinery
- Co-responsible for the documentation of machines and systems in the specialised area
- Reduction of downtimes and stoppages
- Notification of spare parts requirements
- Liaising with external specialist departments and service providers

What you bring with you

- Completed basic technical training in mechanics, automation, electrics or a comparable field
- Flexibility with regard to irregular working hours (shift work and on-call duty)
- MS Office skills are an advantage
- Good written and spoken German

What we offer

Work-life balance
A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering
Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility
Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
