Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Coordination and processing of technical faults in the control centre
- Close cooperation with the operational control centre to ensure smooth plant operation
- Forwarding and specifying fault reports to technicians for rapid rectification
- Supporting the implementation of new tools and processes

What you bring with you

- Completed technical vocational training or comparable qualification
- Experience in dealing with visualisation systems, ideally in the logistics industry
- Flexibility with regard to 3-shift work
- Strong communication skills and ability to work in a team
- Confident handling of MS Office and very good knowledge of German

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
