Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- As an apprentice food technologist, you will be familiar with your company's products and production processes. During your apprenticeship, you will work in various areas of the company, such as the mixing and bottling departments. You will familiarise yourself with the equipment, check the quality of the goods and fill prepared products into ready-to-sell Packing.

What you bring with you

- completed secondary school
- Interest in biology, chemistry and physics
- Technical understanding
- Clean and hygienic work
- No allergies
- Committed, enthusiastic and determined

What we offer

Mobility

Benefit from convenient public transport connections and ample parking facilities as well as cost sharing for the journey to school – for sustainable and carefree travelling.

Professional development opportunities

We cover the cost of your study materials and contribute towards a laptop of your choice. We also support the vocational baccalaureate for apprenticeships with a federal diploma and offer you exciting opportunities for further employment once you have completed your apprenticeship.

Company events

Experience unforgettable moments at our company events and help to strengthen the team spirit at the company's own sports club – celebrate, exercise and socialise together.
