Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Explore different production areas and learn about the industrial processing of salads, vegetables and fruit.
- Plan and monitor the entire production process and independently rectify any faults that occur.
- Work with the latest technology and operate large machines.
- Ensure the quality of our products - from the raw materials to the finished product.

What you bring with you

- A primary school leaving certificate
- Interest in biology, chemistry and physics - and good grades in these subjects.
- Enjoyment in working with food and a good technical understanding.
- Physical resilience and manual dexterity.
- Team spirit, commitment and motivation.

What we offer

Catering
Culinary delights are very important to us: freshly prepared salads, soups (in the winter months) and fruit are available to our employees free of charge!

Mobility
Benefit from convenient public transport connections and ample parking facilities – for sustainable and carefree travelling.

Company events
Experience unforgettable moments at our company events - celebrate and socialise together.

Family-friendly employer
Wear professional work clothes and experience an inclusive working environment where diversity is valued and encouraged.
