

Industrial Electrician (100%)

The plant engineering department is responsible for the availability of all technical systems and infrastructure within the company, with the aim of ensuring smooth Production. All maintenance work, as well as minor and major repairs, is carried out in-house. Refits or modifications to technical systems are undertaken on a range of scales, from planning through to execution and documentation. Are you enthusiastic, do you have a can-do attitude, and do you value a varied, exciting role in a dynamic company with a strong team spirit? Then you are exactly the right person to join our electrical team.

Your tasks

- Repair and preventive maintenance of production and building services equipment.
- Assistance with refurbishments and new builds within the departments.
- Recording of maintenance, repairs and faults in the SAP maintenance programme.
- Assisting with projects within the scope of duties.
- Purchasing of materials in accordance with the guidelines

What you bring with you

- We require a completed EFZ qualification as an electrical fitter, installation electrician, automation technician or equivalent training (foreign qualifications are only accepted if the equivalence of the foreign vocational training has been recognised by ESTI)
- Experience in control engineering and/or plant maintenance, or a willingness to undertake further training in these areas
- Willingness to undertake on-call duties and regular work shifts on two Saturdays per month
- Willingness to work between 5.00 am and 10.00 pm
- Very good written and spoken German
- Good IT skills (MS Office)
- Ideally, a basic knowledge of Siemens Step 7
- Independent, resilient and reliable personality
- A meticulous, structured and error-free approach to work
- Ability to work well in a team and cooperate effectively with colleagues

What we offer

Work-life balance
A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering
Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility
Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
