

Industrial electrician (100%)

Operating Technology is responsible for the availability of all technical systems and infrastructure in the company with the aim of ensuring smooth Production. All maintenance work as well as minor and major repairs are carried out in-house. Conversion measures or modifications to technical systems are realised on a certain scale, from planning to execution and documentation. Are you enthusiastic, do you have doer qualities and do you appreciate a varied, exciting job in a dynamic company with a good team spirit? Then you are exactly the right person to join our electrical team.

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
