## Apply online

You can find all the details online as well as the opportunity to apply directly.

## Your tasks

- Maintenance, servicing and troubleshooting in the electrical infrastructure and on production and logistics systems
- Ongoing optimization of machines and systems
- Reduction of downtimes and stoppages
- Co-responsible for documentation on machines and systems in the specialist area
- Documentation and management of orders and feedback with our maintenance program

## What you bring with you

- Completed basic training as an electrical fitter or installer or similar
- NIV connection permit. Art. 13 an advantage
- Experience with PLC Siemens controllers with a focus on fault analysis
- Flexible with regard to irregular working hours (3-shift work and on-call duty)
- Good written and spoken German

## What we offer

### Work-life balance

With us you benefit from at least 25 vacation days. We use an electronic time capture system so that you can reward your overtime with additional days off.

### Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

### Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

### Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
