## Apply online

You can find all the details online as well as the opportunity to apply directly.

## Your tasks

- It is thanks to them that the selected product falls into the dispenser of the vending machine after the coin is inserted. They ensure that automatic sliding doors open at the right time. And they make sure that the blinds close automatically when the sun shines. Automation specialists work in a wide variety of industries.
- During your apprenticeship, you will gain in-depth insights into control programming, power distribution, electrical engineering, industrial automation and process engineering. You will learn how to build or optimize electrical, mechanical or pneumatic devices, machines, systems and automation systems. You will take care of their commissioning and carry out maintenance work. With the support of specialists, you will work on exciting and instructive projects and find suitable solutions for control and automation tasks. You will also be involved in planning and monitoring production processes and creating technical documents.

## What you bring with you

- Completed elementary school, middle or upper level
- Aptitude for technical drawing and manual skills
- Good comprehension skills and enjoyment of systematic-logical thinking

## What we offer

### Work-life balance

We offer 35 vacation days so that you have enough time to recover and are then fit for work and school again.

### Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

### Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

### Professional development opportunities

We cover the costs of your vocational school materials and contribute CHF 700 towards a notebook of your choice. We also support the vocational baccalaureate for apprenticeships with a federal certificate and offer you exciting opportunities for further employment in an international environment once you have completed your apprenticeship.
