Your tasks

- Maintenance and servicing of industrial trucks incl. Organization of periodic inspections and replacement vehicles
- Responsibility for test equipment: testing, recording, maintenance and calibration of measuring devices as well as representation on the test equipment expert committee
- Organization and implementation of periodic inspections of ladders, racks and shelves
- Support, maintenance and organization of locking, access and perimeter protection systems
- Care and maintenance of weighing systems and coordination of annual calibration with suppliers and cantonal calibration officer

What you bring with you

- Completed technical training (EFZ) with sound technical and practical knowledge in the maintenance and repair sector
- Experience in the support and maintenance of technical equipment and systems
- Safe handling of Windows, MS Word and Excel for technical documentation and organization
- Good written and spoken German
- Willingness to work shifts and in refrigeration environments

What we offer

Work-life balance

With us you benefit from at least 25 vacation days. We use an electronic time capture system so that you can reward your overtime with additional days off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
