

# Head of Technology (new building Oensingen)

As part of the new construction at the Oensingen site, we are looking for you as Head of Technology. In this key position, you will assume overall responsibility for the technical area and make a significant contribution to the successful construction, operation and continuous development of the new production facilities. Together with internal and external partners, you will ensure safe, efficient and sustainable operations.

## Apply online

You can find all the details online as well as the opportunity to apply directly.

## Your tasks

- Management, deployment planning and further development of technical staff
- Ensuring smooth technical operations, including troubleshooting and maintenance
- Responsibility for personnel and on-call planning
- Planning, managing and implementing technical projects (new construction & operation)
- Organisation and coordination of external suppliers, fitters and service providers
- Responsibility for budget, investments and repairs in the technical area
- Ensuring compliance with legal requirements, occupational safety and hygiene
- Acceptance of systems, deliveries and technical trades
- Responsibility for data quality, maintenance orders and system management
- Representing Technology at internal and external meetings and on specialist committees

## What you bring with you

- Completed technical vocational training (e.g. mechanic, polymechanic, electrician) with advanced training (e.g. engineer HF/FH)
- Several years of professional and management experience in a comparable technical function
- Sound knowledge of operational maintenance and automation
- Experience in the management and implementation of technical projects (ideally new construction/commissioning)
- Industry knowledge in the food industry, pharmaceuticals or a comparable environment is an advantage
- Understanding of business administration and experience in budget and investment management
- Good IT user skills (MS Office, SAP an advantage)
- Very good written and spoken German, knowledge of English and/or French an advantage
- Strong leadership personality with assertiveness and networked thinking
- High resilience, flexibility and willingness to provide additional services during the construction and commissioning phase

## What we offer

### Work-life balance

With us you benefit from at least 25 vacation days. We use an electronic time capture system so that you can reward your overtime with additional days off.

### Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

### Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

### Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
