Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Management of the electrical maintenance and automation team, including deployment and absence planning, training and technical guidance
- Technical and system responsibility for all electrical systems and installations in operation (maintenance, servicing and troubleshooting)
- Ensuring the procurement and availability of spare parts
- Coordinating in-house electrical installations in collaboration with external suppliers and fitters
- Planning and carrying out recurring inspections in the area of occupational and electrical safety
- Further development and optimisation of machines and systems
- Responsibility for seamless documentation and management of orders and feedback in our maintenance programme

We can only consider applicants who are authorized to work in Switzerland (EU/EFTA).

What you bring with you

- Completed basic training in the field of electrical engineering or automation
- Advanced training in electrical engineering, systems engineering or automation is an advantage
- Management experience in a similar function
- Operating electrician licence in accordance with NIV Art. 13
- Assertiveness, solution-orientated approach and high resilience
- Strong organisational skills as well as a team player and proactive personality
- Good knowledge of MS Office programmes, knowledge of SAP an advantage
- Good written and spoken German

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
