Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Support, further development and optimisation of our SAP SD processes with a focus on sales, shipping and invoicing Design and implementation of solutions in the area of customs and foreign trade (customs clearance, preferences, export control)
- Analysis and optimisation of business processes in close cooperation with the specialist departments Implementation of customising adjustments in SAP SD and related modules
- Support with FI-relevant topics, in particular at the interfaces to SD (e.g. revenue accounts, sales tax, accounts receivable)
- 2nd and 3rd level support for SAP SD users in the company
- Carrying out user training and creating documentation
- Project work for SAP rollouts, upgrades and the introduction of new functionalities
- Collaboration with external service providers and SAP partners Participation in the harmonisation and standardisation of SAP processes

What you bring with you

- Completed studies in (business) informatics, business administration or a comparable qualification
- Several years of professional experience as an SAP consultant in the SD module
- Sound knowledge of SAP SD processes (sales, shipping, invoicing, pricing, conditions)
- Very good knowledge of customs and foreign trade, ideally with AEB
- Basic knowledge of the SAP FI module, especially the interfaces to SD
- Experience in customising and process optimisation
- Analytics skills and a structured way of working
- Strong communication skills and ability to work in a team
- Very good written and spoken German and good English skills
- Willingness to travel for occasional assignments at other locations
- SAP certification in the area of SD
- Knowledge of SAP S/4HANA
- Experience with ABAP or debugging is an advantage
- Know-how in logistics processes
- Project experience in international roll-out projects

What we offer

Work-life balance
We offer flexible working hours on a 4.5 day week, more than 30 days off a year and the option of working remotely one day a week.

Catering
Catering is very important to us, and the freshly prepared food served in our staff canteen is evidence of this for our employees.

Mobility
Thanks to our travel allowance, good public transport connections and plenty of parking spaces for cars and bicycles, our employees can travel easily.

Professional development opportunities
We offer professional development opportunities in an international environment. We offer a wide range of further training programmes and regular training courses on our training campus.
