

Project engineer

To strengthen our engineering team, we are looking for a project engineer who enjoys driving forward challenging investment and optimisation projects in the food production environment. In this role, you will actively design efficient processes, ensure smooth technical workflows and make a significant contribution to the further development of our production departments. You will work closely with interdisciplinary teams, take responsibility from analysis to implementation and make a direct contribution to the high quality and performance of our supply chain.

Hilcona AG
Bendererstrasse 21
9494 Schaan

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Project management and realisation of selected engineering projects in collaboration with interdisciplinary teams
- Analysing problems, developing proposed solutions and supporting implementation measures
- Contact person for continuous improvement processes in the supply chain area
- Responsible for planning through to realisation of projects (budget, quality, timing)

What you bring with you

- Completed studies in the field of mechanical engineering, process engineering or process technology
- Industry knowledge from the food or consumer goods sector
- Sound experience as a project manager for technical investment projects and optimisation of flow processes
- Good user knowledge of AutoCAD and Microsoft Office
- Ideally very good written and spoken German and English skills

What we offer

Work-life balance

We offer 5,5 to 6 weeks' holiday, flexible working hours and predictable assignments (at least three weeks' advance notice). We also offer you the opportunity to buy additional holidays or work part-time. There are no company holidays – you plan your holiday individually with your line manager and team.

Mobility

Benefit from ideal public transport connections (bus stop in front of Hilcona), attractive ticket subsidies, ample parking for cars, e-bikes and scooters as well as a tool station for bicycle repairs – for sustainable and carefree travelling.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.

Fair wages and social benefits

Secure your future with our exceptionally generous pension scheme, receive anniversary bonuses and attractive rewards for employee referrals. We pay two-thirds of your pension fund contributions and cancel the coordination deduction – your full salary is insured even if you work part-time.
