Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Imagine ensuring "good flavour" every day! This is exactly your main task as a prospective food technology specialist (m/f/d).
- You will ensure that our specialities satisfy palates all over the world: starting with the incoming goods inspection and compilation of raw materials.
- Manufacture according to fixed recipes and processes.
- Right through to compliance with strict hygiene regulations and testing microbial samples in the laboratory.
- Once you have completed your training, you will be able to make your mark as a culinary and technical expert in high-quality food, from product development to quality control.

What you bring with you

- At least a good secondary school leaving certificate
- Technical understanding
- Concentrated and careful way of working
- Reliability and diligence

What we offer

Work-life balance

We offer 30 vacation days, a flexitime system and special leave for important events such as marriage and relocation. In addition, you will receive two hours of personal study time per week as well as guaranteed post-apprenticeship employment in accordance with the collective labour agreement. In addition, you do not work on 24 December and 31 December.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities such as mentoring and coaching.

Company events

Experience unforgettable moments at our company events – celebrate and socialise together!

Fair wages and social benefits

You will also enjoy our corporate benefits (discounted online shopping offers) and a company pension scheme. We also cover the costs of your study materials and exam preparation courses.
