### Your tasks

- Responsibility for the maintenance, coordination and execution of repairs and servicing of operating equipment (including industrial trucks, lifting platforms, ladders, scales, shelving systems)
- Testing, recording and maintenance of all test equipment including calibration of field measuring devices/weighing systems and organisation of annual calibrations in collaboration with suppliers and cantonal calibration officers
- Audit responsibility and representation on the specialist committee for test equipment
- Creation and maintenance of service and maintenance plans in SAP
- Coordination of maintenance planning with internal and external organisations
- Organisation and management of lubrication plans
- Optimisation and further development of the maintenance philosophy to increase equipment availability
- Management of operating resources in SAP (equipment, orders)
- Support with master data maintenance and maintenance planning for the plant

We can only consider applicants who are authorized to work in Switzerland (EU/EFTA).

### What you bring with you

- Completed basic technical training with sound technical knowledge and practical experience in the field of maintenance and servicing
- Experience in the support, maintenance and optimisation of technical installations and systems
- Strong communication skills with a confident demeanour during audits
- Assertiveness, solution-orientated approach and high resilience
- Strong organisational skills with a proactive and proactive way of working
- Confident handling of MS Office and good knowledge of SAP
- Very good written and spoken German

### What we offer

#### Work-life balance

With us you benefit from at least 25 vacation days. We use an electronic time capture system so that you can reward your overtime with additional days off.

#### Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

#### Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

#### Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
