Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- You are responsible for the operation and further development of our client infrastructure - from physical devices to virtual desktops
- You ensure that operating systems and software are rolled out in a reliable, automated and scalable manner
- You are the first point of contact for technical challenges and get to the bottom of the causes in a sustainable manner
- You take care of the installation, configuration and smart distribution of software
- You take over IT asset management and maintain an overview of devices, licences and lifecycle
- You actively participate in exciting IT projects and contribute your ideas

What you bring with you

- Completed IT training or comparable qualification
- Experience in client management (e.g. Windows 10/11, SCCM, Intune, VDI)
- Expertise in software distribution, asset management and troubleshooting
- Structured, independent way of working and enjoy finding solutions
- Team spirit, curiosity and a desire to actively drive things forward
- Very good knowledge of German and English

What we offer

Work-life balance

We offer flexible working hours on a 4.5 day week, more than 30 days off a year and the option of working remotely one day a week.

Catering

Catering is very important to us, and the freshly prepared food served in our staff canteen is evidence of this for our employees.

Mobility

Thanks to our travel allowance, good public transport connections and plenty of parking spaces for cars and bicycles, our employees can travel easily.

Professional development opportunities

We offer professional development opportunities in an international environment. We offer a wide range of further training programmes and regular training courses on our training campus.
