Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Software implementation & system expansion
- Implementation and further development of the company-specific pre-production software
- Expansion to include new modules: direct portal access for fatteners, field staff, hatcheries, feed mills and vets
- Connection of Slaughter and further processing; planning down to parts list level for sales items
- Process optimisation & organisational development
- Analysis and optimisation of the pre-production chain: hatching eggs □ chicks □ fattening □ collection
- Development of process standards and digitalisation concepts; training of internal and external users
- Data maintenance & reporting
- Ensuring data quality, creating analyses and key figures for management

What you bring with you

- Education in computer science, business informatics, agricultural economics or comparable
- Experience in process optimisation or ERP/software implementation; strong IT affinity
- Understanding of complex logistical and production processes
- Structured, solution-orientated way of working; strong communication skills and initiative
- Very good knowledge of German; experience in agriculture/food production an advantage

What we offer

Catering

Catering is very important to us: you can enjoy freshly prepared food as well as high-quality products at greatly reduced prices in our canteen and at 'Hubers Genusswelt'.

Mobility

For those who prefer to travel by car, we offer ample parking spaces and/or our own multi-storey car park.
