Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Integrate and maintain installations based on Siemens CPUs
- Participate in the support and lifecycle of existing and new installations
- Operate and support IoT systems on site, including configuration, commissioning, maintenance, level 1/2 support (troubleshooting, diagnostics, remote interventions), monitoring and tracking of installations, management of backups and recovery plans, as well as management of system changes and updates.
- Contributing to the integration of automation systems into the Bell Switzerland structure
- Participating in automation projects and the continuous improvement of installations
- Ensuring the separation and processing of OT components in a dedicated network
- Participate in the implementation of simplified IoT security measures
- Ensure the smooth operation of labelling systems

What you bring with you

- Technical training (CFC, ES or equivalent) in automation, electricity, industrial IT or similar
- Practical experience with PLC (ideally Siemens S7 / TIA Portal) and supervision systems
- Basic knowledge of industrial networks or IT
- Experience in an industrial environment (production, logistics or process)
- An independent, structured and solutions-oriented way of working
- Ability to work effectively in the field and collaborate with a variety of contacts
- Languages: fluent French and German, English an asset
- Reliable, flexible, proactive and stress-resistant personality

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
