Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Organisation and management of production lines, as well as staff scheduling and break planning
- Ensuring production is completed on schedule whilst complying with quality, hygiene, safety and allergen standards
- Providing technical management, support and training to staff, and conducting team meetings
- Active involvement on the production lines and responding swiftly to disruptions and problems
- Carrying out quality checks, product approvals and ensuring correct documentation, including CSB entries
- Contributing to improvement measures to optimise processes, order, safety and efficiency in Production

What you bring with you

- Several years' professional experience in Production, ideally in the food sector
- Initial management experience or significant experience in supervising staff
- A strong understanding of quality and safety
- An independent, structured and solution-oriented approach to work
- A resilient, team-oriented personality with a hands-on approach
- Good command of German
- Two-shift operation from Monday to Saturday (5-day week)

What we offer

Work-life balance
Thanks to our working time models, you can find the perfect balance between your job and private life. You also benefit from additional vacation days (depending on length of service).

Catering
Catering is very important to us, and you can look forward to discounted hot meals in our staff canteen and free salads.

Mobility
Benefit from convenient public transport connections and ample parking facilities.

Professional development opportunities
Take advantage of our extensive training programmes to keep up to date and expand your professional skills.
