Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Establishment and further development of the OT landscape within the production plants
- Supporting the improvement of IT/OT security and closing existing security gaps
- Analysis and optimisation of production and automation processes
- Creating data transparency along the production lines
- Collaboration on future Industry 4.0 and smart factory initiatives
- Supporting the integration and connection of machines and software solutions
- Collaboration with local technology, local IT and Group-wide IT
- Collaboration in the definition of OT standards and future architecture concepts
- Supporting and coordinating external partners and suppliers
- Technical collaboration in a matrix organisation with various stakeholders

We can only consider applicants who are authorised to work in Switzerland (EU/EFTA). We only consider direct applications.

What you bring with you

- Training in IT, automation, electrical engineering or basic technical training with appropriate further training
- Experience in an industrial production environment is an advantage
- Knowledge of OT, industrial networks or automation
- Experience with PLC controls, ideally Siemens, an advantage
- Basic knowledge of PLC programming or comparable industrial systems
- Understanding of interfaces between Production, OT and IT
- Team player and communicative personality with an independent way of working
- Ability to exert indirect influence in a matrix organisation and coordinate stakeholders
- Willingness to travel occasionally within Switzerland and Austria
- Very good knowledge of German and English, with good knowledge of French

What we offer

Catering

Culinary delights are very important to us: Freshly prepared salads, soups, tea and fruit are available to our employees free of charge. You can also take home products from the staff shelf every day.

Mobility

Benefit from convenient public transport connections, attractive discounts for public transport and ample parking facilities - sustainable and carefree on the road!

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities such as mentoring and coaching.

Benefits & discounts

You benefit from the Coop staff discount card with a wide range of discounts in retail outlets, speciality shops and supermarkets as well as other attractive services, such as insurance.
