Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- As a trainee food technologist, you will become familiar with your company's products and production processes. During your apprenticeship, you will work in a wide variety of departments, such as the mixing and filling areas. You will familiarise yourself with the equipment, check the quality of the goods and fill prepared products into ready-to-sell packing.

What you bring with you

- Completed secondary education
- An interest in biology, chemistry and physics
- Technical understanding
- Ability to work in a clean and hygienic manner
- No allergies
- Committed, enthusiastic and determined

What we offer

Catering
Catering is very important to us, and the freshly prepared food served in our staff canteen is evidence of this for our employees.

Mobility
Benefit from convenient public transport connections and ample parking facilities as well as cost sharing for the journey to school – for sustainable and carefree travelling.

Health
Your well-being is important to us: Benefit from our health-supporting offers and exclusive employee discounts with the Coop employee discount card and subsidised fitness subscriptions.

Company events
Experience unforgettable moments at our company events and help to strengthen the team spirit at the company's own sports club – celebrate, exercise and socialise together.
