ICT Systems Engineer

Are you passionate about modern Microsoft cloud architectures, identity management and collaboration services? Then play an active role in shaping our central IT infrastructure! We are a dedicated IT team with a passion for reliable services and innovative cloud solutions. To further expand and operate our infrastructure, we are looking for a technically skilled individual who will independently manage, further develop and future-proof our central services.

Bell Schweiz AG
Elsässerstrasse 174
4056 Basel

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- You will be responsible for the operation and further development of key areas of our Microsoft infrastructure, including Microsoft 365, Exchange Online/Hybrid and Azure.
- You will manage our cloud, collaboration and identity services, including virtual machines, Active Directory, Entra ID, DNS and DHCP.
- Using PowerShell, automation and AI, you'll streamline repetitive tasks and optimise our processes.
- You will resolve complex second- and third-level support cases, working in collaboration with internal teams and external partners.
- You'll help shape migration, modernisation and roll-out projects and make technical decisions within your area of responsibility.
- You will be on call approximately once a quarter and will occasionally travel within Europe (this is rare).

We can only consider applicants who are authorised to work in Switzerland (EU/EFTA). We only consider direct applications.

What you bring with you

- A completed qualification in the IT sector (e.g. Computer Scientist EFZ / IT Specialist in Systems Integration) or an equivalent qualification.
- In-depth knowledge of Microsoft 365 and Exchange, as well as a good understanding of Azure, Active Directory and Entra ID.
- Practical experience with Windows Server, VMware, Veeam and PowerShell – you don't need to be an expert in everything, but you should be keen to develop your skills further.
- An interest in automation and AI, as well as a willingness to take on responsibility and contribute your own ideas.
- A structured, pragmatic and solution-oriented approach to work, as well as a passion for teamwork and sharing knowledge.

What we offer

Work-life balance
A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering
Culinary delights are very important to us: freshly prepared food in our staff restaurant, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices await you in our outlet.

Mobility
Benefit from our contribution to environmentally friendly mobility, convenient public transport connections and a free SBB GA travelcard!

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
