

Maintenance Engineer (Male/Female) at a Frozen Food Centre (2-shift operation)

Keeping a cool head? For us, that's not just a figure of speech. In our state-of-the-art deep-freeze centre, you'll ensure that our automated systems run reliably even at -27 °C. If you love technology, enjoy getting stuck in and the cold doesn't faze you, then you've come to the right place.

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Ensuring the technical availability of the plant
- Maintenance, servicing and repair of machinery
- Troubleshooting and minimising downtime
- Optimising and documenting plant systems
- Submitting requests for spare parts
- Collaboration with internal and external specialist departments

What you bring with you

- Basic technical training (mechanics, automation, electrical engineering or equivalent)
- Willingness to work two-shift patterns
- Good physical fitness and a keen interest in an active working day
- No issues with working at -27 °C and in a low-oxygen environment
- Good command of German
- Knowledge of MS Office would be an advantage

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility

Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
