Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Development and continuous improvement of convenience products in the poultry and vegetarian/vegan sectors
- Development of new product concepts and product ideas
- Technological testing and evaluation of new raw materials
- Documentation and maintenance of master data for recipes
- Ensuring the transfer of know-how into ongoing production processes
- Supporting our production departments with quality assurance and process optimisation
- Organisation, implementation and supervision of trial production runs, as well as support during initial production runs
- Project-based cross-functional collaboration with Sales, Product Management, Quality assurance, Purchasing and Production

What you bring with you

- Completed training in the food sector (e.g. technical college, HTL in food technology) or training as a chef with several years' relevant practical experience
- Experience in the product development of convenience products or comparable food categories
- Ability to work under pressure, flexibility and a high capacity for stress
- A passion for food, trends and innovative product solutions
- Practical understanding of production processes and manual dexterity
- An independent, structured and solution-oriented approach to work
- Strong communication skills, team spirit and the ability to take the initiative
- Flexibility and a strong hands-on approach

What we offer

Work-life balance

Thanks to our working time models, you can find the perfect balance between your job and private life. You also benefit from additional vacation days (depending on length of service).

Catering

Catering is very important to us, and you can look forward to discounted hot meals in our staff canteen and free salads.

Mobility

Benefit from convenient public transport connections and ample parking facilities.

Professional development opportunities

Take advantage of our extensive training programmes to keep up to date and expand your professional skills.
