

Senior SAP Consultant (FI/CO)

Join us in shaping the future of our finance and controlling processes! As a Senior SAP Consultant FI/CO, you will play a key role in the further development of our SAP landscape and work alongside the business departments to design efficient and sustainable solutions. You combine in-depth specialist knowledge of finance and controlling with a strong understanding of processes and systems, and will support our organisation in optimising and digitising its business processes.

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- You will analyse existing finance and controlling processes, identify opportunities for optimisation and develop appropriate solutions to organisational and systemic challenges
- Working alongside the specialist departments, you will develop solutions that promote sustainability, evaluate different options and oversee their implementation, taking into account cost-effectiveness, quality and risks
- You will be responsible for the further development, maintenance and optimisation of SAP FI/CO applications, such as xSuite or Serrala, and ensure their efficient operation
- Planning and carrying out tests, producing documentation and delivering training for key users will also form part of your remit
- You will act as a knowledgeable point of contact for users, key users, business development and developers on matters relating to finance and controlling
- For SAP projects of medium to high complexity, you will lead sub-projects and coordinate their successful implementation in collaboration with internal and external partners
- You will advise business departments on organisational optimisations and help to make processes, workflows and information flows more efficient

We can only consider applicants who are authorised to work in Switzerland (EU/EFTA). We only consider direct applications.

What you bring with you

- You have a degree in business administration or equivalent qualifications, specialising in finance, management accounting, business informatics or a similar field
- You have several years' experience as an in-house or external SAP consultant, as well as in-depth knowledge of SAP FI/CO
- You have a good understanding of accounting, management accounting and business processes
- Knowledge of other SAP modules such as SD, MM or PP, as well as experience with BI tools, would be an advantage
- Your approach to work is structured, solution-oriented and characterised by a strong commitment to quality
- You enjoy communicating with a variety of stakeholders and impress with your strong team and consultancy skills
- Excellent German and good English skills round off your profile

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Culinary delights are very important to us: freshly prepared food in our staff restaurant, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices await you in our outlet.

Mobility

Benefit from our contribution to environmentally friendly mobility, convenient public transport connections and a free SBB GA travelcard!

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
