

Jedox developer (male or female)

Do you enjoy working at the interface between IT architecture and finance? As part of the BI, Analytics & Digitalisation team, you'll share responsibility for the heart of our corporate management: the set-up, operation and further development of our central Jedox platform. You'll translate complex controlling requirements into smart technical solutions and play an active role in shaping modern planning processes (FP&A, supply chain, ESG).

Bell Schweiz AG
Elsässerstrasse 174
4056 Basel

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- **Jedox Architecture & ETL:** You will build and maintain models (cubes, dimensions, rules, subsets) and develop high-performance ETL processes using Integrator and Groovy scripts.
- **Performance & Migration:** You will handle server administration (user management, permissions, deployment), optimise existing transformation logic and support system upgrades.
- **Business Partnering & Planning:** You will support business departments in modelling budget, forecast and rolling forecast processes, as well as in creating clear reports and dashboards.
- **Enablement & Project Work:** As the technical point of contact, you will support users in their day-to-day work and on projects, deliver training sessions and document your solutions with a focus on sustainability.

We can only consider applicants who are authorised to work in Switzerland (EU/EFTA). We only consider direct applications.

What you bring with you

- A degree in Business Informatics, Business Administration/Controlling or an equivalent qualification.
- **Jedox & ETL:** At least 1–2 years' practical experience in Jedox modelling, rules and ETL/Integrator development.
- **Code & Data:** Basic knowledge of Groovy, Java or a comparable scripting language, an understanding of databases, and proficiency in Excel and Power Query.
- **Subject Matter Expertise:** A good understanding of management accounting processes (planning, budgeting, cost accounting).
- **Personality:** Analytical thinking, the ability to take the initiative and a desire to take on responsibility within a dynamic, entrepreneurial team.
- **Languages:** Business-fluent German (French and/or English are a plus).

What we offer

Work-life balance

A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering

Culinary delights are very important to us: freshly prepared food in our staff restaurant, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices await you in our outlet.

Mobility

Benefit from our contribution to environmentally friendly mobility, convenient public transport connections and a free SBB GA travelcard!

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
