Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Maintenance and repair work on heating, ventilation, plumbing, compressed air and refrigeration systems
- Troubleshooting of utility generation systems from the source to the point of use
- Implementing improvements to plant and operational equipment
- Close collaboration with Production, engineering and external partners

What you bring with you

- Completed training as a plumbing or heating engineer
- Experience in ventilation, refrigeration systems and industrial operations is essential
- Ability to work independently, reliably and as part of a team
- Willingness to work on-call shifts
- Very good written and spoken German

What we offer

Work-life balance

We offer 5,5 to 6 weeks' holiday, flexible working hours and predictable assignments (at least three weeks' advance notice). We also offer you the opportunity to buy additional holidays or work part-time. There are no company holidays – you plan your holiday individually with your line manager and team.

Catering

Catering is very important to us: enjoy discounts on your lunch in our break rooms, free fruit and promotions such as free chestnuts, ice cream or smoothies. High-quality products at greatly reduced prices are available in our outlet.

Mobility

Benefit from ideal public transport connections (bus stop in front of Hilcona), attractive ticket subsidies, ample parking for cars, e-bikes and scooters as well as a tool station for bicycle repairs – for sustainable and carefree travelling.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
