Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Food technology specialists process raw materials industrially to produce food.
- During your apprenticeship, you will learn processes such as mixing, grinding, shaping, heat treatment and cooling. You will process raw materials according to specified recipes and assist the specialists with the processing. You will monitor the processing and packing equipment. Strict safety and hygiene regulations apply to every stage of the process. You will therefore check the quality of the products and inspect the food for quality, appearance, smell, taste and packing.

What you bring with you

- Completed primary school
- Enjoyment of working with food, production equipment and physical work
- A keen sense of smell and taste, as well as a meticulous approach to work
- Willingness to start work early

What we offer

Work-life balance
We offer 35 vacation days so that you have enough time to recover and are then fit for work and school again.

Catering
Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility
Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities
We cover the costs of tuition fees and study materials, and contribute CHF 700 towards a laptop of your choice. We also offer you exciting prospects for continued employment in an international environment once you have completed your studies.
