

OT Engineer (m/f/d)

Would you like to play an active role in shaping the future of Production and driving forward modern technologies in an industrial environment? Then join our team and help us build and further develop our OT and automation infrastructure within the Hubers Group. This is a newly created role, offering you the opportunity to play an active part in shaping and further developing processes, standards and technologies.

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Establishment and further development of the OT landscape within the production plants
- Support in improving IT/OT security and addressing existing security vulnerabilities
- Analysis and optimisation of production and automation processes
- Ensuring data transparency along production lines
- Collaboration on future Industry 4.0 and Smart Factory initiatives
- Supporting the integration and connection of machinery and software solutions
- Collaboration with local engineering, local IT and group-wide IT
- Contributing to the definition of OT standards and future architectural concepts
- Supporting and coordinating external partners and suppliers
- Helping to shape the team and its development

What you bring with you

- Training in IT, automation, electrical engineering or a basic technical qualification with relevant further training
- Experience in an industrial production environment would be an advantage
- Knowledge of OT, industrial networks or automation
- Experience with PLCs would be an advantage
- Basic knowledge of PLC programming, such as TIA Portal, Step7 or comparable industrial systems
- Experience with HMI systems such as WinCC would be an advantage
- Understanding of industrial communication via OPC
- Understanding of interfaces between Production, OT and IT
- A team player with good communication skills who works independently
- Willingness to travel occasionally to Switzerland and Germany
- Very good command of German and English

What we offer

Catering

Catering is very important to us: you can enjoy freshly prepared food as well as high-quality products at greatly reduced prices in our canteen and at 'Hubers Genusswelt'.

Mobility

For those who prefer to travel by car, we offer ample parking spaces and/or our own multi-storey car park.
