Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Imagine being responsible for 'great taste' every single day! That is precisely your main role as a trainee food technology specialist (m/f/d).
- You'll ensure that our specialities delight palates all over the world: starting with incoming goods inspection and the selection of raw materials.
- Through to manufacture according to set recipes and procedures.
- Right through to adhering to strict hygiene regulations and testing microbial samples in the laboratory.
- Once you've completed your apprenticeship, you'll be able to excel both culinarily and professionally as an expert in high-quality food, from product development right through to quality control.

What you bring with you

- At least a good secondary school leaving certificate
- Technical understanding
- A focused and meticulous approach to work
- Reliability and attention to detail

What we offer

Work-life balance
We offer 30 vacation days, a flexitime system and special leave for important events such as marriage and relocation. In addition, you will receive two hours of personal study time per week as well as guaranteed post-apprenticeship employment in accordance with the collective labour agreement. In addition, you do not work on 24 December and 31 December.

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities such as mentoring and coaching.

Company events
Experience unforgettable moments at our company events – celebrate and socialise together!

Fair wages and social benefits
You will also enjoy our corporate benefits (discounted online shopping offers) and a company pension scheme. We also cover the costs of your study materials and exam preparation courses.
