Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- With our wide range of modern machinery and equipment, you'll learn to tackle all technical challenges with ease, ensuring that by the end of your apprenticeship you'll be up to speed with the latest technology – whether it's planning, installing or maintaining mechanical systems.
- You can also look forward to gaining just the right amount of expertise in troubleshooting.
- And last but not least, you'll refine your skills by turning and milling your own mechanical components.
- This is how we ensure that not only does everything run like clockwork in our Production department, but also that your start to your professional career goes smoothly.

What you bring with you

- At least a good secondary school leaving certificate
- A qualification from a vocational college specialising in metalwork is recognised (it is possible to start in the second year of the apprenticeship)
- Technical understanding, spatial awareness and manual dexterity
- An interest in mechanics
- Reliability and attention to detail

What we offer

Work-life balance
We offer 30 vacation days, a flexitime system and special leave for important events such as marriage and relocation. In addition, you will receive two hours of personal study time per week as well as guaranteed post-apprenticeship employment in accordance with the collective labour agreement. In addition, you do not work on 24 December and 31 December.

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities such as mentoring and coaching.

Company events
Experience unforgettable moments at our company events – celebrate and socialise together!

Fair wages and social benefits
You will also enjoy our corporate benefits (discounted online shopping offers) and a company pension scheme. We also cover the costs of your study materials and exam preparation courses.
