

Food Technologist (Meals)

You are passionate about developing innovative food products and work successfully with customers, project teams and Production to bring them to fruition. You work in a structured, solution-oriented manner and are able to keep track of everything, even when juggling several projects at once.

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Identify, develop and launch successful new products for the ranges within the 'Meals' Competence Centre
- Optimise existing products and manufacturing processes
- Conducting and organising tastings with external customers to present products, as well as comparative tastings
- Manage and contribute to development projects
- Evaluate raw materials and manufacturing processes
- Create and maintain development and production documentation
- Act as the expert point of contact for Production

What you bring with you

- A degree in food technology or food science (from a university of applied sciences or a university)
- Initial professional experience in the development and optimisation of production processes and formulations within an industrial or food manufacturing environment would be an advantage
- Project management skills to coordinate development activities
- You think innovatively, contribute your own ideas and use them to develop practical solutions. You enjoy communicating with a variety of contacts, work well as part of a team and present yourself with confidence.

What we offer

Work-life balance

We offer 5,5 to 6 weeks' holiday, flexible working hours and special leave for important events. Organise your days to work in the office or remotely, buy holidays or work part-time for more free time. There are no company holidays – you plan your holiday flexibly with your line manager.

Catering

Catering is very important to us: Enjoy discounts on your lunch in our staff canteen, free fruit and promotions such as free chestnuts, ice cream or smoothies. High-quality products at greatly reduced prices are available in our outlet.

Mobility

Benefit from excellent public transport connections (bus stop in front of Hilcona), attractive ticket subsidies, ample parking for cars, e-bikes and scooters as well as reimbursement of your travel expenses for business trips – for sustainable and care-free travelling.

Professional development opportunities

Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
