

Supply Planning Manager

You will be responsible for the operational S&OE process for managing the volumes supplied from our plants to the central logistics centre. Your role will focus on the day-to-day management of the supply situation via SAP-IBP, as well as leading complex coordination efforts with planners and specialist departments. You will lead discussions – even under time pressure – to reach sound decisions, ensure the quality of planning and Base data, and guarantee reliable operational planning.

Bell Schweiz AG
Elsässerstrasse 174
4056 Basel

Contract type	Permanent
Workload	100%
Start of employment	as of now
Language	German
Working time model	Flexitime

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- You will manage the operational S&OE process and regularly coordinate cross-functional discussions with planners and specialist IT departments
- You present planning results, pose and answer critical questions, and reconcile differing interests to reach binding decisions
- You are responsible for operational planning in SAP IBP and ensure the quality and feasibility of the planning results
- You identify capacity, material and supply risks at an early stage and initiate appropriate countermeasures
- You monitor the quality and maintenance of planning-relevant base data and drive its continuous improvement
- You will work at the interface between SAP IBP and SAP ERP and ensure the consistency of the planning basis

What you bring with you

- Basic commercial training with relevant further education in economics, supply chain management, IT or a comparable field
- Several years' practical experience in supply planning using SAP IBP (Supply Planning) within a manufacturing company
- Proven experience in leading and facilitating S&OE and operational planning processes
- Ability to reach clear decisions even in contentious discussions and to effectively mediate between differing interests
- High personal resilience, stamina and assertiveness in a dynamic planning environment
- In-depth knowledge of production planning in SAP ERP, preferably in the PP and MM modules
- Experience in managing planning-related base data and an understanding of its impact on planning results
- Advanced Excel skills and knowledge of Power BI
- Very good command of German and a good command of English; knowledge of French would be an advantage

What we offer

Work-life balance
A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering
Culinary delights are very important to us: freshly prepared food in our staff restaurant, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices await you in our outlet.

Mobility
Benefit from our contribution to environmentally friendly mobility, convenient public transport connections and a free SBB GA travelcard!

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
