

Building Maintenance and Services (HVAC) Staff Member

Give your career a new lease of life and combine your passion for technology with the world of food! Do you impress us with your responsible approach to work and, thanks to your keen instinct for technical challenges, quickly find suitable solutions? Are you enthusiastic about the upkeep, maintenance and troubleshooting of building services systems? If so, we can offer you a varied role in a growing company and look forward to receiving your application.

Apply online

You can find all the details online as well as the opportunity to apply directly.

Your tasks

- Ensuring the technical availability of a wide variety of systems (refrigeration, ventilation, fire alarm, vacuum and air-handling systems, air-conditioning units, compressed air compressors, technical gases, as well as the wastewater system with flotation plant, high-speed and sectional doors, roller and sliding doors, doors with electronic access control systems, etc.)
- Troubleshooting and carrying out repairs to minimise downtime and system stoppages
- Carrying out preventive maintenance work and continuously optimising the building infrastructure and services to increase system availability
- Management and implementation of the maintenance programme, including accurate documentation for machinery and plant
- Coordination and collaboration with external specialist departments and service providers
- Active involvement in installations and projects relating to building services
- Management and ordering of spare parts

We can only consider applicants who are authorised to work in Switzerland (EU/EFTA). We only consider direct applications.

What you bring with you

- Completed basic technical training in building maintenance and building services engineering
- Initial professional experience in maintenance would be an advantage
- An independent and solution-oriented approach to work, combined with strong teamwork skills
- Resilience and the ability to keep a cool head even in challenging situations
- Willingness to work irregular shifts (early and late shifts, weekly on-call duty and call-outs)
- No aversion to blood, strong odours or heights

What we offer

Work-life balance
A healthy work-life balance is important to us. You benefit from at least 25 vacation days as well as transparent electronic time tracking. This allows you to flexibly compensate any overtime with additional time off.

Catering
Catering is very important to us: you can enjoy freshly prepared food in our staff canteen, a lunch menu including soup and salad, water & tea and free fruit as well as high-quality products at greatly reduced prices in our outlet.

Mobility
Benefit from convenient public transport connections, attractive ticket subsidies and ample parking facilities in the multi-storey car park.

Professional development opportunities
Expand your knowledge with extensive training programmes, high-quality courses at the Coop Training Centre and a wide range of personal development opportunities.
